CASA DE LOS ANGELES

Established in the heart of the city of San Miguel de Allende, in the State of Guanajuato, Mexico, Casa de los Angeles is a safe haven for the children of the streets and those whose mothers come from the outskirts of town to work or to sell their wares at the local mercado. Casa de los Angeles was founded on September 18, 2000 and has grown much over the years. Our current daycare facility serves 73 children from 52 families.

In addition to daycare, the center provides a place for mothers to find the support and the help they need to make a good life for themselves and their children. Casa de los Angeles is able to provide some medical care for the children, meals, an after-school drop in center for school-aged children, a food bank, summer camp, and scholarships.

In late 2003 a construction program was initiated to build bathrooms and houses for the families we serve. On January 29, 2005 Casa Santa Clara was opened. It is a transitional housing program and emergency shelter for our poorest families. Our newest project is building our second center which will include a daycare to serve more than 100 children on our waiting list, a mom's center and free clinic. The new center will be dedicated on August 9, 2008.

Casa is supported by hundreds of generous people around the world and we have a growing list of people, also from around the world who have traveled to Mexico to volunteer at our facility. We extend the invitation to you to support the work of Casa de los Angeles.

In October of 2007, an endowment fund for Casa de los Angeles was established to ensure that the poorest families of San Miguel de Allende will be supported for many, many years to come through the work of Casa. The endowment fund is growing through the directed gifts of generous supporters and this annual benefit dinner event- *Angeles y Milagros*. 60% of the undirected proceeds from this dinner go to the endowment.
